

## **FOODS AND DRINKS CONTAINING DIACYLGLYCEROL**

### **ABSTRACT OF THE DISCLOSURE**

Diacylglycerol (DAG) oil provides unique health and nutritional advantages relative to triacylglycerol (TAG) oils. Food products including baked goods, such as, for example, cake, muffins, brownies, breads and cookies, doughs and batters for baked goods, and drink products are prepared using DAG oil and/or DAG oil-in-water emulsions.
